The Company has applied the Accounting Standard for Revenue Recognition (ASBJ Statement No. 29; March 31, 2020) and other standards as of the start of the first quarter of the consolidated fiscal year ending March 31, 2022 and figures for the year ending March 31, 2022 reflect this change of accounting method.

In the Digital Entertainment segment, the HD (High-Definition) Game sub-segment, the nine-month period ended December 31, 2021 saw the release of such titles as “OUTRIDERS,” “NieR Replicant ver.1.22474487139...,” and “Marvel’s Guardians of the Galaxy.” However, the sub-segment’s net sales declined compared to the same period of the previous fiscal year, which had seen the release of such titles as “FINAL FANTASY VII REMAKE” and “Marvel’s Avengers.” In the MMO (Massively Multiplayer Online) Game sub-segment, sales rose compared to the same period of the previous fiscal year, due not only to a sharp rise in the number of monthly paying subscribers for “FINAL FANTASY XIV,” but also to the release of an expansion pack for the title.

The Games for Smart Devices/PC Browser sub-segment saw somewhat weak performances from existing titles, but its net sales rose compared to the same period of the previous fiscal year due to the application of revised revenue recognition standards.

In the Amusement segment, compared to the same period of the previous fiscal year, the nine-month period ended December 31, 2021 saw net sales rise and a turn to profit at the operating line because the segment had sustained significant impact the previous year from the temporary closure of amusement facilities in Japan, a move undertaken to combat the spread of COVID-19 in response to the Japanese government's declaration of a state of emergency.

In the Publication segment, sales of e-books and other digital media rose in the nine-month period ended December 31, 2021. Sales of printed media were also solid, resulting in higher net sales and operating income than in the same period of the previous fiscal year.

In the Merchandising segment, brisk sales of new character merchandise based on the Group's own content during the nine-month period ended December 31, 2021 resulted in higher net sales and operating income than in the same period of the previous fiscal year.
